LEGISLATIVE.

FORT WILLIAM, THE 4TH SEPTEMBER 1862.

THE following Bill and Statement of Objects and Reasons accompanying it are published for general information by order of His Excellency the Governor-General in Council:—

No. 52 of 1862.

A Bill to constitute Recorders' Courts for the Towns of Akyab, Rangoon, and Moulmein in British Burmah, and to establish Courts of Small Causes in the said Towns.

WHEREAS the Resolution of the Governor-General in Council, dated the 31st January 1862, declares that, instead of a Judicial Commissioner for the whole Province of British Burmah, whose ordinary business can well be undertaken by the Chief Commissioner, and who, as Judge of a Special Court sitting at the Head-Quarters of each Division, could not possibly dispose of the causes arising at each place in a manner that would satisfy the suitors, or be consistent with the prompt and regular administration of Justice, there shall be established at Rangoon and Moulmein a Court to be presided over by a Barrister or Advocate of not less than five years' standing, with full powers of Civil and Criminal jurisdiction, analogous to those now exercised by the Recorders of Prince of Wales' Island and Singapore, with the exception of the power to try cases in which European British subjects are charged with capital offences; and whereas it is expedient to make provision for the establishment of such Court and of a similar Court for the Town of Akyab and also for the establishment of a Court of Small Causes in each of the said Towns of Akyab, Rangoon, and Moulmein, and to prescribe the procedure for the said Courts respectively; It is enacted as follows:—

I. It shall be lawful for the Governor-General in Council to establish Courts of Judicature for the Towns of Akyab, Rangoon, and Moulmein in British Burmah, or for any of the said

Towns, which Courts, when so established, shall be called respectively the "Court of the Recorder of Akyab," "the Court of the Recorder of Rangoon," and "the Court of the Recorder of Moulmein." Such Courts shall be Courts of Record.

II. The said Courts respectively shall be held before a Judge who shall be called "The Recorder" thereof, and who shall be appointed by the Governor-General in Council, and shall be a Barrister of not less than five years' standing. Every Recorder appointed under this Act shall hold his Office during the pleasure of the Governor-General in Council.

III. Previously to entering upon the execution of the duties of his Office, every Recorder appointed under this Act shall make or subscribe the following declaration before such authority or person as the Governor-General in Council may commission to receive the same:—

"I, A. B., appointed Recorder of [] do solemnly declare that I will faithfully perform the duties of my Office to the best of my ability, knowledge, and judgment."

IV. The Governor-General in Council may appoint only one Recorder to be the Recorder of the said three Courts, or he may from time to time appoint a separate Recorder for any one or for any two of the said Courts.

V. So long as there shall be only one Recorder of the said three Courts, such Recorder shall hold his Court at each of the said three Towns of Akyab, Rangoon, and Moulmein at stated periods. He shall hold his Court in Rangoon at such times as may be necessary, in Moulmein at least once in every three months, and in Akyab at least once in every four months.

VI. The Recorder shall, on or before the 1st day of January in each and every year, or at such other convenient times as the Chief Commissioner of British Burmah shall direct, notify in the *Official Gazette* of the Towns in which the Court is to be held, the

days on which he intends to hold his Court at the said Towns respectively during the then next ensuing twelve months; and a copy of such Notification shall be stuck up in a conspicuous part of the Court Houses in the said Towns respectively.

VII. If the Recorder shall be unable to hold his Court at the time and place fixed in any Notification issued under the last preceding Section, he shall fix another period for holding his Court at such place, and shall publish notice of the same in the same manner, so far as circumstances will permit, in which a Notification under the said Section is directed to be published.

VIII. Notwithstanding anything in Sections VI and VII of this Act contained, it shall be lawful for the Recorder to hold his Court at times other than those notified, as provided in the said Sections, when for any good and sufficient reason it shall appear to him necessary and proper to do so.

IX. Whenever there shall be one Recorder for any two only of the said Sections VI to VIII three Courts, the provisions contained in Sections VI, VII, and VIII of this Act shall be applied, so far as the same may be applicable, in respect of the sittings to be held by such Recorder within the Towns of the Courts of which he is Recorder.

X. The Recorders appointed under this Act shall have and exercise Civil jurisdiction, within such local limits in the said Towns of which they are respectively the Recorders and in the neighbourhood thereof as may from time to time be fixed by the Chief Commissioner of British Burmah, with the approval of the Governor-General in Council, and the limits so fixed shall be published in the *Official Gazette* of the said Towns. Provided that it shall be lawful for the said Chief Commissioner, with such approval as aforesaid, as often as he shall think proper to vary or alter the limits so fixed; and, save as this Act provided, no Court other than the Recorder's Court shall have or exercise any Civil jurisdiction whatever within the limits for the time being fixed as aforesaid.

XI. The Recorders appointed under this Act shall receive, try, and determine suits of every description, if in the case of suits for land or other immovable property, such land or property shall be situate, or if in all other cases, the cause of action shall have arisen, or the defendant at the time of the commencement of the suit shall dwell or carry on business, or personally work for gain within the local limits of the ordinary jurisdiction of their respective Courts. Provided that the Recorders shall not have jurisdiction in any matter concerning the revenue or concerning any act ordered or done by any person by order of the Governor-General in Council, or of the Chief Commissioner, or concerning any act ordered or done by any Judge or Judicial Officer in the execution of his Office, or by any person in pursuance of any judgment or order of any Court or any such Judge or Judicial Officer.

Proviso. the Recorders shall not have jurisdiction in any matter concerning the revenue or concerning any act ordered or done by any person by order of the Governor-General in Council, or of the Chief Commissioner, or concerning any act ordered or done by any Judge or Judicial Officer in the execution of his Office, or by any person in pursuance of any judgment or order of any Court or any such Judge or Judicial Officer.

XII. It shall be lawful for the Chief Commissioner to direct the transfer to any Recorder's Court of any case which shall have been instituted in any Court in British Burmah other than a Recorder's Court. Every case so transferred shall be tried and determined by the Recorder to whose Court it is transferred in the same manner and under the same rules as to procedure, and in all other respects as if the Recorder had originally had jurisdiction in the case, and the case had originally been instituted before him.

XIII. A Recorder, who is the Recorder of more Courts than one, shall, while sitting in any one of the Courts of which he is Recorder, ordinarily try no suits except such as shall have been instituted in such Court, or shall have been transferred to it by the Chief Commissioner as hereinbefore provided; but such Recorder may, if he think proper, try any suit instituted in any other of the said Courts of which he is Recorder, if the parties thereto shall join in an application to him (which shall be in writing, signed by all the parties to the suit or their Agents) so to try the same.

XIV. A separate seal shall be made under the direction of the Governor-General in Council for each of the said Courts, and all summonses, orders, and other process issuing out of the said Courts respectively shall be sealed or stamped with the seal of the Court issuing the same. The said seal shall be delivered to and kept in custody of the Recorder, but during any absence of the Recorder, or in case of the vacancy of the Office of Recorder, the same shall be delivered to and kept in the custody of the Registrar of the Court appointed as is hereinafter provided, and if there be no Registrar then it shall be delivered to and kept in the custody of the Deputy Commissioner.

XV. It shall be lawful for the Recorder of any Court or Courts established under this Act, from time to time, and subject to any rules and restrictions which may be prescribed by the Governor-General in Council, to appoint such and so many Clerks and other Ministerial Officers as shall be found necessary for the administration of justice by the said Recorder in such Court or Courts respectively, and the due execution of the powers and authorities given to him by this Act, and every Clerk and Officer appointed as aforesaid shall be liable to dismissal by order of the Recorder of the Court to which he is appointed: provided that no person shall be removed from any Office, the salary of which is one hundred Rupees per mensem or upwards without the sanction of the Chief Commissioner.

XVI. No person shall be permitted to appear or act as the Advocate, or to plead verbally or in writing, for any suitor in any Court held under this Act in any action or suit, or touching any matter whatever, unless such person shall have been previously licensed by the Recorder of such Court to act for the suitors of such Court generally or specially for the particular occasion, and it shall be lawful for the Recorder of every Court held under this Act, to

Provided that nothing in this Act contained, shall interfere with the power of the Recorder to allow a review of judgment under the Code of Civil Procedure if such review be applied for within the period allowed by the said

Code for making such applications. Provided also that in any case in which the Recorder may think it necessary to do so, he may, before granting a new trial or a review, require the party applying for the same to give sufficient security for the due compliance with the terms of the decree or order which it is sought to set aside or review.

XXVIII All cases and proceedings arising under Act XIX of 1841 (for the protection of moveable and immovable property against wrongful possession in cases of successions) Act XXV of 1858 (to make better provision for the care of the Estates of Lunatics not subject to the jurisdiction of the Supreme Courts of Judicature), Act XL of 1858 (for making better provision for the care of the persons and property of Minors in the Presidency of Fort William in Bengal) as amended by Act IX of 1861 (to amend the law relating to Minors) or Act XXVII of 1860 (for facilitating the collection of debts on successions, and for the security of parties paying debts to the representatives of deceased persons) may be received and disposed of by the Recorder of any Court established under this Act, (and by no other Court within the local limits of his jurisdiction) subject always to all the rules and provisions as to jurisdiction and otherwise in the said Acts contained respectively. Orders passed by the Recorder in cases arising under the said Acts shall not be open to appeal, but the parties shall be at liberty to contest such orders in a regular suit.

XXIX For the trial of Civil suits under this Act, the Recorder may constitute one or more persons Assessor or Assessors of the Court. Such person or persons shall attend during the trial of the suit and shall deliver his or their opinion or opinions in writing to be recorded on the proceedings. But the decision of the case shall rest with the Recorder. No Officer of the Recorder's Court shall be appointed an Assessor under this Section, but this prohibition shall not extend to any other public Officer.

XXX It shall be lawful for the Governor-General in Council to appoint to each or any of the Recorder's Courts established under this Act, an Officer who shall be called the Registrar of the Court to which he shall be appointed.

XXXI The Registrar of the Recorder's Court shall be the Chief Ministerial Officer of the Court, and shall be subject to the provisions in the next following Section contained, and receive all plaints presented to the Court, and in the absence of the Recorder shall issue notice of suit to the defendants, receive any documents which the parties may wish to put in, and issue process for the attendance of their witnesses. He shall also keep lists of all causes coming on for trial and shall fix such days for their being heard respectively as may seem to him fit, having regard to the period appointed for the Recorder's sittings.

XXXII If the Registrar shall be of opinion that any plaint presented to the Court is defective in any of the particulars mentioned in Section 28, Section 29, Section 30,

Section 31, Section 32, or Section 33 of the Code of Civil Procedure, he shall not reject the plaint, but shall point out to the plaintiff wherein the plaint is defective, and shall with as little delay as possible forward the plaint to the Recorder of the Court for his orders, together with any statement which the plaintiff may think proper to make, and such plaint shall be dealt with as the Recorder shall order. Provided always that

Provided if the defect in the plaint is capable of being cured under any of the said Sections, and the plaintiff shall be willing to amend it, it shall not be necessary for the Registrar to send the plaint to the Recorder, but such amendment may thereupon be made.

XXXIII The Registrar shall also receive applications for the execution of decrees passed by the Recorder of the Court of which he is the Registrar, and, subject to any orders which he may receive from the Recorder, shall execute such decrees in the same manner as the Recorder may execute them. No appeal shall lie from any order passed by the Registrar under this Section, but the Recorder may of his own motion reverse or modify any such order whenever he shall think it necessary to do so.

XXXIV The Registrar shall have the powers of a Small Cause Court Judge in suits of the nature of those described in Act XLII of 1860 (for the establishment of Courts of Small Causes beyond the local limits of the jurisdiction of the Supreme Courts of Judicature established by Royal Charter) arising within the limits of the jurisdiction of the Court of which he is the Registrar provided that the amount or value of the claim shall not exceed 200 Rupees, but he shall exercise such powers subject to the general control of the Recorder. The Governor-General in Council may invest any Registrar appointed under this Act with jurisdiction to hear and determine suits of the nature cognizable by him as a Small Cause Court Judge under this Section in which the amount or value of the claim does not exceed 500 Rupees.

XXXV The suits cognizable by the Registrar under the last preceding Section shall be set down for hearing before such Registrar and he shall hear and determine such suits and execute the decrees made therein in such manner as is prescribed in the said Act XLII of 1860, and subject to such rules as to procedure and otherwise in all respects as are in the said Act contained. Provided that the Recorder may call up any such suit to his own file and hear and determine the same.

XXXVI No appeal shall lie from any order or decision made or passed by the Registrar in any case heard or disposed of by him under the last preceding Section, but in any case in which the Registrar shall entertain any doubt upon any question of Law or usage having the force of Law or the construction of a document affecting the merits of the decision, he shall be at liberty to state a case for the opinion of the Recorder in like manner as the Recorder may under Section XXII of this Act state a case for the opinion of the High Court of Judicature at Fort

William in Bengal, and all the rules and provisions hereinbefore contained relative to the stating of a case by the Recorder shall apply *mutatis mutandis* to the stating of a case by the Registrar so far as the same are applicable.

XXXVII. It shall be lawful for the Recorder to refer to the Registrar of his Court any suit not falling within the description of suits contained in Act XLII of 1860, which shall be instituted in the Court of such Recorder, and the amount or value of the property in dispute in which shall not exceed 100 Rupees. Every suit so referred to the Registrar shall be heard and determined, and the decree made shall be executed by him under the same rules as to procedure and otherwise as are applicable to suits tried by the Recorder. In such suits the Registrar shall have no power to state a case to the High Court or to the Recorder, but an appeal shall lie on questions of Law and of fact from the Registrar's decision to the Recorder under the rules for regular appeals contained in the Code of Civil Procedure. The decision on the appeal shall be final, but the Recorder shall be at liberty to state a question of Law or usage having the force of Law or the construction of a document affecting the merits of the decision for the opinion of the High Court in the same manner as in cases originally tried by himself.

XXXVIII. The Recorder shall exercise all the powers of a Court of Session, as defined in the Code of Criminal Procedure, within the territorial limits of the Civil jurisdiction of the Court or Courts of which he is Recorder, and shall at the place or places where such Court or Courts are held, hold gaol deliveries at convenient periods, of which due notice shall be given in the manner prescribed in Sections VI and VII of this Act, for the trial of all persons charged with offences punishable under the Indian Penal Code, who may be committed to take their trial before his Court as a Court of Sessions. Provided that the Recorder shall not have power to try any European British subject charged with an offence punishable with death under the said Code. The commitment of any European British subject charged with any such offence shall be made to the High Court of Fort William in Bengal. In all other cases the commitments made within the limits of the jurisdiction of any Recorder's Court for offences punishable under the Indian Penal Code shall be made to that Court.

XXXIX. If any European British subject shall be charged in British Burmah with any offence (other than an offence punishable with death under the Indian Penal Code) which a Justice of the Peace shall not be competent to punish, and there shall be sufficient grounds for committing him for trial, such European British subject shall be committed to take his trial before the Recorder, and shall be tried by the Recorder of the Court held within the division of British Burmah in which either such European British subject shall have been arrested, or in which the offence with which he

is charged shall have been committed, that is to say, before the Recorder at Rangoon if the arrest took place or the offence were committed in Pegu; before the Recorder at Akyab if the arrest took place or the offence were committed in Arracan; and before the Recorder at Moulmein, if the arrest took place or the offence were committed in the Tenasserim Provinces.

XL. The proceedings on trials held by the Recorder as a Court of Session under this Act shall be regulated by the Code of Criminal Procedure and shall be subject to all the provisions of this Act in so far as the same may be found applicable.

XLI. If on any trial sentence of death shall be passed by the Recorder, such sentence shall not be carried into execution until it shall have been confirmed by the Chief Commissioner. It shall be lawful for the Chief Commissioner in any case in which it shall seem proper to him so to do to commute a sentence of death to a sentence of transportation for life or for any shorter period not less than seven years.

XLII. No appeal shall lie from any order or sentence passed by the Recorder in any Criminal case. But it shall be at the discretion of the Recorder to reserve any point or points of Law for the opinion of the said High Court.

XLIII. On such point or points of Law being so reserved as in the last preceding Section mentioned, or on its being certified by the Advocate-General at Fort William that, in his judgment, there is an error in the decision of a point or points of Law decided by the Recorder, or that a point or points of Law which has or have been decided by the said Recorder should be further considered, the said High Court shall have full power and authority to review the case, or such part of it as may be necessary, and finally determine such point or points of Law, and thereupon to alter the sentence passed by the Recorder, and to pass such judgment and sentence as to the said High Court shall seem right.

XLIV. The Stamp Duties prescribed by Schedule B annexed to Act X of 1862 (to consolidate and amend the Law relating to Stamp Duties) for Instruments and Writings in the Sudder Court shall be chargeable on Instruments and Writings in the Courts of the Recorders established under this Act, if the amount or value of the claim exceed 1,000 Rupees, or if the case be an appeal. The foregoing limitation as to amount shall not extend to petitions of plaint. For such petitions whether the suit be tried by the Recorder or the Registrar of the Court, and for Certificates granted under Act XXVII of 1860 the duty prescribed by the said Schedule B shall be chargeable. For copies of decrees in suits in which the amount or value of the claim does not exceed 1,000 Rupees, as well as for copies of judgments and orders, the same duty shall be chargeable as prescribed by the said Schedule B for copies of decrees, judgments, and orders passed or made by a Court below the Sudder Court. On

Instruments and Writings in all other cases, as well in the Recorders' Courts as in the Courts of Registrars in cases cognizable by those Officers, on which a duty of 8 annas is prescribed by the said Schedule B, the duty chargeable shall be 8 annas.

XLV. The Commissioners of the Divisions within which the said Towns of Akyab, Rangoon, and Moulmein are respectively situated, shall be *ex-officio* Judges of the Recorders' Courts at the said Towns respectively.

If there shall for the time being be no Recorder, or if the Recorder of any of the said Courts shall at any time from sickness or from being absent on leave or other cause be unable to attend to the duties of his Office, it shall be lawful for the Commissioner of the Town wherein such Court is situate to sit in such Court and to exercise all the powers vested by this Act in the Recorder, but subject to all the rules, provisions, and limitations herein prescribed and declared. Provided that no Commissioner shall act as Recorder or exercise any authority under this Section without the sanction of the Chief Commissioner first obtained.

XLVI. The Recorder shall keep such Registers and Books and Accounts, and submit to the Chief Commissioner such Statements and Returns of the work done in his

Court on the Civil and Criminal sides, as may be prescribed by the said Chief Commissioner with the approval of the Governor-General in Council. The Recorder shall also comply with such requisitions as may be made by the Governor-General in Council, or by the Chief Commissioner for records.

XLVII. The word "Barrister" in this Act shall be deemed to include Barristers of England or Ireland or Members of the Faculty of Advocates in Scotland, or Advocates of any High Court or Colonial Supreme Court authorized by Royal Charter to admit Advocates.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to give effect to that part of the Resolution of the Governor-General in Council, dated the 31st January last, relating to the administration of British Burmah, which declares that, instead of a Judicial Commissioner for the whole Territory, as had been proposed, there shall be established at Rangoon and Moulmein a Court, to be presided over by a Barrister or Advocate of not less than five years' standing, with full powers of Civil and Criminal jurisdiction analogous to the powers now exercised by the Recorders of Prince of Wales' Island and Singapore, with the exception of the power to try cases in which European British subjects are charged with capital offences.

The Resolution of the date abovementioned contemplates the establishment of a Recorder's Court only for the Towns of Rangoon and Moulmein; but it is considered advisable to give the Governor-General in Council power to establish a similar Court at Akyab, if he should think proper to do so. The Town of Akyab has a large European mercantile community which seems likely to increase rapidly, and the arrangements which have recently been made for regular and frequent communications by Sea between that place and Rangoon and Moulmein will enable the Recorder to pay periodical visits to Akyab, and hold sittings there without difficulty, and with little inconvenience as regards his duties at other places.

The Bill empowers the Governor-General in Council to appoint a Recorder to each of the three Courts, which may be established under its provisions, or to any two of those Courts, or to appoint a single Recorder to the three Courts, and it provides for the manner in which the Recorder is to regulate his sittings in the Courts of the different Towns when he is the Recorder of the three Courts or of any two of them.

At first it is probable that only one Recorder will be appointed, whether his jurisdiction is confined to the Towns of Rangoon and Moulmein, as proposed in the Resolution of the 31st January last, or extended to the Town of Akyab also, and it appeared to be necessary, therefore, to make some provision for carrying on the current business in the several Courts during the absence of the Recorder on duty elsewhere. This consists amongst other things, of the execution of decrees, the reception of plaints, and of any documents connected therewith which the parties may desire to file, the issue of notice to the Defendants and of summonses to witnesses, and the fixing of days for the trial of causes which will be necessary in order that, on the arrival of the Recorder, there may be always cases ready for hearing to the disposal of which he may immediately apply himself.

For the conduct of the current duties, inclusive of those above described, in each of the Recorders' Courts, the Bill empowers the Governor-General in Council to appoint a Registrar who is to be the Chief Ministerial Officer of the Court to which he is appointed. But as the current business would not be sufficient to give this Officer full employment, it is proposed that he shall be a Judge of Small Causes within the local limits of the jurisdiction of the Recorder's Court of which he is Registrar, and that he shall in that capacity, subject to the control of the Recorder, determine all small causes of the nature described in Act XLII of 1860, in which the amount or value of the claim does not exceed the sum of 200 Rupees, a power being given to the Governor-General in Council to enlarge the jurisdiction of any Registrar in cases of the like description as far as 500 Rupees. It is further proposed that the Recorder shall have power to refer for trial and decision to the Registrar any suit other than suits falling under the Act abovementioned, in which the amount or value of the claim does not exceed 100 Rupees. The decisions passed by the Registrar in the cases so transferred to him will be open to appeal to the Recorder, under the rules relating to appeal contained in the Code of Civil Procedure. The effect of these provisions will be to relieve the Recorder of a good deal of work which may very well be performed by an Officer receiving a smaller salary, and give him time for the disposal of the more important cases coming before him; they will also afford a speedy remedy in cases of small amount and generally of a simple character which is very desirable.

The Code of Civil Procedure will regulate the proceedings in all Civil cases instituted under the Bill, subject to the provisions of the Acts relating to Small Cause Courts, in cases of the nature described in those Acts, and the Law to be administered will be the Law administered in the High Court of Judicature at Fort William in Bengal in the exercise of its ordinary original Civil jurisdiction.

On the Criminal side the Recorder will, within the local limits of his Civil jurisdiction, have all the powers of a Court of Sessions, as defined in the Code of Criminal Procedure, for the trial of persons not being European British subjects, and of the High Courts of Judicature for the trial of European British subjects charged with offences punishable under the Indian Penal Code except offences punishable with death. For such offences, when committed by European British subjects, the commitment will be made, as at present, to the High Court at Fort

William in Bengal. The procedure on trials held before the Recorder will be the procedure contained in Act XXV of 1861 (the Code of Criminal Procedure). In cases in which the Recorder may sentence any person to suffer death, the sanction of the Chief Commissioner will be necessary before the sentence can be carried into execution. It is proposed that the Chief Commissioner shall have power in any such case to commute a sentence of death to a sentence of transportation for life, or for any shorter period not less than seven years.

It will be in the discretion of the Recorder to reserve any point of Law arising in the course of a trial held before him for the opinion of the High Court at Calcutta, and on any point so reserved, or on its being certified by the Advocate-General that in his judgment there is an error in the decision of a point of Law decided by the Recorder, or that a point of Law which has been decided by the Recorder should be further considered, the High Court will have power to review the case and to pass such judgment and sentence as to it shall seem right.

The foregoing are the only provisions of the Bill which seem to call for particular notice.

LEGISLATIVE.

FORT WILLIAM, THE 4TH SEPTEMBER 1862.

THE following Bill and Statement of Objects and Reasons accompanying it are published for general information by order of His Excellency the Governor-General in Council:—

No. 52 of 1862.

A Bill to constitute Recorders' Courts for the Towns of Akyab, Rangoon, and Moulmein in British Burmah, and to establish Courts of Small Causes in the said Towns.

WHEREAS the Resolution of the Governor-General in Council, dated the 31st January 1862, declares that, instead of a Judicial Commissioner for the whole Province of British Burmah, whose ordinary business can well be undertaken by the Chief Commissioner, and who, as Judge of a Special Court sitting at the Head-Quarters of each Division, could not possibly dispose of the causes arising at each place in a manner that would satisfy the suitors, or be consistent with the prompt and regular administration of Justice, there shall be established at Rangoon and Moulmein a Court to be presided over by a Barrister or Advocate of not less than five years' standing, with full powers of Civil and Criminal jurisdiction, analogous to those now exercised by the Recorders of Prince of Wales' Island and Singapore, with the exception of the power to try cases in which European British subjects are charged with capital offences; and whereas it is expedient to make provision for the establishment of such Court and of a similar Court for the Town of Akyab and also for the establishment of a Court of Small Causes in each of the said Towns of Akyab, Rangoon, and Moulmein, and to prescribe the procedure for the said Courts respectively, it is enacted as follows:—

I. It shall be lawful for the Governor-General in Council to establish Courts of Judicature for the Towns of Akyab, Rangoon, and Moulmein in British Burmah, or in any of the said

Towns, which Courts, when so established, shall be called respectively the "Court of the Recorder of Akyab," "the Court of the Recorder of Rangoon," and "the Court of the Recorder of Moulmein." Such Courts shall be Courts of Record.

II. The said Courts respectively shall be held before a Judge who shall be called "The Recorder" thereof, and who shall be appointed by the Governor-General in Council, and shall be a Barrister of not less than five years' standing. Every Recorder appointed under this Act shall hold his Office during the pleasure of the Governor-General in Council.

III. Previously to entering upon the execution of the duties of his Office every Recorder appointed under this Act shall make or subscribe the following declaration before such authority or person as the Governor-General in Council may commission to receive the same:—

"I, A B., appointed Recorder of [], do solemnly declare that I will faithfully perform the duties of my office to the best of my ability, knowledge, and judgment."

IV. The Governor-General in Council may appoint only one Recorder for the said three Courts, or he may from time to time appoint a separate Recorder for any one or for any two of the said Courts.

V. So long as there shall be only one Recorder of the said three Courts, such Recorder shall hold his Court at each of the said three Towns of Akyab, Rangoon, and Moulmein at stated periods.

He shall hold his Court in Rangoon at such times as may be necessary, in Moulmein at least once in every three months, and in Akyab at least once in every four months.

VI. The Recorder shall, on or before the 1st day of January in each and every year, or at such other convenient times as the Chief Commissioner of British Burmah shall direct, notify in the *Official Gazette* of the Towns in which the Court is to be held the

days on which he intends to hold his Court at the said Towns respectively during the then next ensuing twelve months; and a copy of such Notification shall be stuck up in a conspicuous part of the Court Houses in the said Towns respectively.

VII. If the Recorder shall be unable to hold his Court at the time and place fixed in any Notification issued under the last preceding Section, he shall fix another period for holding his Court at such place, and shall publish notice of the same in the same manner, so far as circumstances will permit, in which a Notification under the said Section is directed to be published.

VIII. Notwithstanding anything in Sections VI and VII of this Act contained, it shall be lawful for the Recorder to hold his Court at times other than those notified, as provided in the said Sections, when for any good and sufficient reason it shall appear to him necessary and proper to do so.

IX. Whenever there shall be one Recorder for any two only of the said three Courts, the provisions contained in Sections VI, VII, and VIII of this Act shall be applied, so far as the same may be applicable, in respect of the sittings to be held by such Recorder within the Towns of the Courts of which he is Recorder.

X. The Recorders appointed under this Act shall have and exercise Civil jurisdiction, within such local limits in the said Towns of which they are respectively the Recorders and in the neighbourhood thereof as may from time to time be fixed by the Chief Commissioner of British Burmah, with the approval of the Governor-General in Council, and the limits so fixed shall be published in the *Official Gazette* of the said Towns. Provided that it shall be lawful for the said Chief Commissioner, with such approval as aforesaid, as often as he shall think proper to vary or alter the limits so fixed; and, save as this Act provided, no Court other than the Recorder's Court shall have or exercise any Civil jurisdiction whatever within the limits for the time being fixed as aforesaid.

XI. The Recorders appointed under this Act shall receive, try, and determine suits of every description, if in the case of suits for land or other immoveable property, such land or property shall be situate, or if in all other cases, the cause of action shall have arisen, or the defendant at the time of the commencement of the suit shall dwell or carry on business, or personally work for gain within the local limits of the ordinary jurisdiction of their respective Courts. Provided that the Recorders shall not have jurisdiction in any matter concerning the revenue or concerning any act ordered or done by any person by order of the Governor-General in Council, or of the Chief Commissioner, or concerning any act ordered or done by any Judge or Judicial Officer in the execution of his office, or by any person in pursuance of any judgment or order of any Court or any such Judge or Judicial Officer.

XII. It shall be lawful for the Chief Commissioner to direct the transfer

of cases to any Recorder's Court by the Chief Commissioner. any case which shall have been instituted in any Court in British Burmah other than a Recorder's Court. Every case so transferred shall be tried and determined by the Recorder to whose Court it is transferred in the same manner and under the same rules as to procedure, and in all other respects as if the Recorder had originally had jurisdiction in the case, and the case had originally been instituted before him.

XIII. A Recorder, who is the Recorder of more Courts than one, shall, while sitting in any one of the Courts of which he is Recorder, ordinarily try no suits except such as shall have been instituted in such Court, or shall have been transferred to it by the Chief Commissioner as hereinbefore provided: but such Recorder may, if he think proper, try any suit instituted in any other of the said Courts of which he is Recorder, if the parties thereto shall join in an application to him (which shall be in writing, signed by all the parties to the suit or their Agents) so to try the same.

XIV. A separate seal shall be made under the direction of the Governor-General in Council for each of the said Courts, and all summonses, orders, and other process issuing out of the said Courts respectively shall be sealed or stamped with the seal of the Court issuing the same. The said seal shall be delivered to and kept in custody of the Recorder, but during any absence of the Recorder, or in case of the vacancy of the Office of Recorder, the same shall be delivered to and kept in the custody of the Registrar of the Court appointed as is hereinafter provided, and if there be no Registrar then it shall be delivered to and kept in the custody of the Deputy Commissioner.

XV. It shall be lawful for the Recorder of any Court or Courts established under this Act, from time to time, and subject to any rules and restrictions which may be prescribed by the Governor-General in Council, to appoint such and so many Clerks and other Ministerial Officers as shall be found necessary for the administration of justice by the said Recorder in such Court or Courts respectively, and the due execution of the powers and authorities given to him by this Act, and every Clerk and Officer appointed as aforesaid shall be liable to dismissal by order of the Recorder of the Court to which he is appointed: provided that no person shall be removed from any Office, the salary of which is one hundred Rupees per mensem or upwards without the sanction of the Chief Commissioner.

XVI. No person shall be permitted to appear or act as the Advocate, or to plead verbally or in writing, for any suitor in any Court held under this Act in any action or suit, or touching any matter whatever, unless such person shall have been previously licensed by the Recorder of such Court to act for the suitors of such Court generally or specially for the particular occasion, and it shall be lawful for the Recorder of every Court held under this Act to

make rules for the qualifications and admission of proper persons to act as Agents in such Court.

Provida.

Section contained shall be deemed to prevent any person from appearing or acting as the Agent for the Secretary of State for India in Council, or to prevent any suitor from appearing, pleading, or acting on his own behalf, or on behalf of a co-sutor. Provided also that any person who for the time being is an Advocate, Vakeel, or Attorney at Law of any of the High Courts of Judicature in India shall be entitled without any license to act as an Agent for any suitor in any of the said Courts, and that any person for the time being licensed to act generally in any one of the said Courts, shall without further license be also entitled to act generally in any other of the said Courts

XXIII. The Recorder may proceed in the case, notwithstanding a reference to the said High Court, and may pass a decree contingent upon the opinion of the High Court, pending which execution not to issue. be issued in any case in which a reference shall be made to the High Court until the receipt of the order of that Court.

The parties to the case may appear and be heard in the High Court in person or by an Advocate or Pleadar, and the High Court, when it has heard and considered the case, shall transmit a copy of its judgment under the seal of the Court and the signature of the proper Officer of the Court to the Recorder who shall, on the receipt thereof, proceed to dispose of the case conformably to the decision of the High Court.

Provided also that in any case in which the Recorder may think it necessary to do so, he may, before granting a new trial or a review, require the party applying for the same to give sufficient security for the due compliance with the terms of the decree or order which it is sought to set aside or review.

XXXIV. The Registrar shall have the powers of a Small Cause Court Judge in suits of the nature of those described in Act XLII of 1860 (for the establishment of Courts of small Causes beyond the local limits of the jurisdiction of the Supreme Courts of Judicature established by Royal Charter) arising within the limits of the jurisdiction of the Court of which he is the Registrar, provided that the amount or value of the claim shall not exceed 200 Rupees, but he shall exercise such powers subject to the general control of the Recorder. The Governor-General in Council may invest any Registrar appointed under this Act with jurisdiction to hear and determine suits of the nature cognizable by him as a Small Cause Court Judge under this Section in which the amount or value of the claim does not exceed 500 Rupees.

XXXV. The suits cognizable by the Registrar under the last preceding Section shall be set down for hearing before such Registrar and he shall hear and determine such suits and execute the decrees made therein in such manner as is prescribed in the said Act XLII of 1860, and subject to such rules as to procedure and otherwise in all respects as are in the said Act contained. Provided that the Recorder may call up any such suit to his own file and hear and determine the same.

XXXVI. No appeal shall lie from any order or decision made or passed by the Registrar in any case heard or disposed of by him under the last preceding Section, but in any case in which the Registrar shall entertain any doubt upon any question of Law or usage having the force of Law or the construction of a document affecting the merits of the decision, he shall be at liberty to state a case for the opinion of the Recorder in like manner as the Recorder may under Section XXII of this Act state a case for the opinion of the High Court of Judicature at Fort

William in Bengal, and all the rules and provisions hereinbefore contained relative to the stating of a case by the Recorder shall apply *mutatis mutandis* to the stating of a case by the Registrar so far as the same are applicable.

XXXVII. It shall be lawful for the Recorder to refer to the Registrar of his Court any suit not falling within the description of suits contained in Act XLII of 1860, which shall be instituted in the Court of such Recorder, and the amount or value of the property in dispute in which shall not exceed 100 Rupees. Every suit so referred to the Registrar shall be heard and determined, and the decree made shall be executed by him under the same rules as to procedure and otherwise as are applicable to suits tried by the Recorder. In such suits the Registrar shall have no power to state a case to the High Court or to the Recorder, but an appeal shall lie on questions of Law and of fact from the Registrar's decision to the Recorder under the rules for regular appeals contained in the Code of Civil Procedure. The decision on the appeal shall be final, but the Recorder shall be at liberty to state a question of Law or usage having the force of Law or the construction of a document affecting the merits of the decision for the opinion of the High Court in the same manner as in cases originally tried by himself.

XXXVIII. The Recorder shall exercise all the powers of a Court of Session, as defined in the Code of Criminal Procedure, within the territorial limits of the Civil jurisdiction of the Court or Courts of which he is Recorder, and shall at the place or places where such Court or Courts are held, hold gaol deliveries at convenient periods, of which due notice shall be given in the manner prescribed in Sections VI and VII of this Act, for the trial of all persons charged with offences punishable under the Indian Penal Code, who may be committed to take their trial before his Court as a Court of Sessions. Provided that the Recorder shall not have power to try any European British subject charged with an offence punishable with death under the said Code. The commitment of any European British subject charged with any such offence shall be made to the High Court of Fort William in Bengal. In all other cases the commitments made within the limits of the jurisdiction of any Recorder's Court for offences punishable under the Indian Penal Code shall be made to that Court.

XXXIX. If any European British subject shall be charged in British Burmah with any offence (other than an offence punishable with death under the Indian Penal Code) which a Justice of the Peace shall not be competent to punish, and there shall be sufficient grounds for committing him for trial, such European British subject shall be committed to take his trial before the Recorder, and shall be tried by the Recorder of the Court held within the division of British Burmah in which either such European British subject shall have been arrested, or in which the offence with which he

is charged shall have been committed, that is to say, before the Recorder at Rangoon if the arrest took place or the offence were committed in Pegu; before the Recorder at Akyab if the arrest took place or the offence were committed in Arracan; and before the Recorder at Moulmein, if the arrest took place or the offence were committed in the Tenasserim Provinces.

XL. The proceedings on trials held by the Recorder as a Court of Session under this Act shall be regulated by the Code of Criminal Procedure and shall be subject to all the provisions of this Act in so far as the same may be found applicable.

XLI. If on any trial sentence of death shall be passed by the Recorder, such sentence shall not be carried into execution until it shall have been confirmed by the Chief Commissioner. It shall be lawful for the Chief Commissioner in any case in which it shall seem proper to him so to do to commute a sentence of death to a sentence of transportation for life or for any shorter period not less than seven years.

XLII. No appeal shall lie from any order or sentence passed by the Recorder in any Criminal case. But it shall be at the discretion of the Recorder to reserve any point or points of Law for the opinion of the said High Court.

XLIII. On such point or points of Law being so reserved as in the last preceding Section mentioned, or on its being certified by the Advocate-General at Fort William that, in his judgment, there is an error in the decision of a point or points of Law decided by the Recorder, or that a point or points of Law which has or have been decided by the said Recorder should be further considered, the said High Court shall have full power and authority to review the case, or such part of it as may be necessary, and finally determine such point or points of Law, and thereupon to alter the sentence passed by the Recorder, and to pass such judgment and sentence as to the said High Court shall seem right.

XLIV. The Stamp Duties prescribed by Schedule B annexed to Act X of 1862 (to consolidate and amend the Law relating to Stamp Duties) for Instruments and Writings in the Sudder Court shall be chargeable on Instruments and Writings in the Courts of the Recorders established under this Act, if the amount or value of the claim exceed 1,000 Rupees, or if the case be an appeal. The foregoing limitation as to amount shall not extend to petitions of plaint. For such petitions whether the suit be tried by the Recorder or the Registrar of the Court, and for Certificates granted under Act XXVII of 1860 the duty prescribed by the said Schedule B shall be chargeable. For copies of decrees in suits in which the amount or value of the claim does not exceed 1,000 Rupees, as well as for copies of judgments and orders, the same duty shall be chargeable as prescribed by the said Schedule B for copies of decrees, judgments, and orders passed or made by a Court below the Sudder Court. On

Instruments and Writings in all other cases, as well in the Recorders' Courts as in the Courts of Registrars in cases cognizable by those Officers, on which a duty of 8 annas is prescribed by the said Schedule B, the duty chargeable shall be 8 annas.

XLV. The Commissioners of the Divisions within which the said Towns of Akyab, Rangoon, and Moulmein are respectively situated, shall be *ex-officio* Judges of the Recorders' Courts at the said Towns respectively.

If there shall for the time being be no Recorder, or if the Recorder of any of the said Courts shall at any time from sickness or from being absent on leave or other cause be unable to attend to the duties of his office, it shall be lawful for the Commissioner of the Town wherein such Court is situate to sit in such Court and to exercise all the powers vested by this Act in the Recorder, but subject to all the rules, provisions, and limitations herein prescribed and declared. Provided that no Commissioner shall act as Recorder or exercise any authority under this Section without the sanction of the Chief Commissioner first obtained.

XLVI. The Recorder shall keep such Registers and Books and Accounts, and Books, &c., to be submitted to the Chief Commissioner such Statements and Returns of the work done in his Court on the Civil and Criminal sides, as may be prescribed by the said Chief Commissioner with the approval of the Governor-General in Council. The Recorder shall also comply with such requisitions as may be made by the Governor-General in Council, or by the Chief Commissioner for records.

XLVII. The word "Barrister" in this Act shall be deemed to include Barristers of England or Ireland or Members of the Faculty of Advocates in Scotland, or Advocates of any High Court or Colonial Supreme Court authorized by Royal Charter to admit Advocates.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to give effect to that part of the Resolution of the Governor-General in Council, dated the 31st January last, relating to the administration of British Burmah, which declares that, instead of a Judicial Commissioner for the whole Territory, as had been proposed, there shall be established at Rangoon and Moulmein a Court, to be presided over by a Barrister or Advocate of not less than five years' standing, with full powers of Civil and Criminal jurisdiction analogous to the powers now exercised by the Recorders of Prince of Wales' Island and Singapore, with the exception of the power to try cases in which European British subjects are charged with capital offences.

The Resolution of the date abovementioned contemplates the establishment of a Recorder's Court only for the Towns of Rangoon and Moulmein, but it is considered advisable to give the Governor-General in Council power to establish a similar Court at Akyab if he should think proper to do so. The Town of Akyab has a large European mercantile community which seems likely to increase rapidly, and the arrangements which have recently been made for regular and frequent communications by Sea between that place and Rangoon and Moulmein will enable the Recorder to pay periodical visits to Akyab, and hold sittings there without difficulty, and with little inconvenience as regards his duties at other places.

The Bill empowers the Governor-General in Council to appoint a Recorder to each of the three Courts, which may be established under its provisions, or to any two of those Courts, or to appoint a single Recorder to the three Courts, and it provides for the manner in which the Recorder is to regulate his sittings in the Courts of the different Towns when he is the Recorder of the three Courts or of any two of them.

At first it is probable that only one Recorder will be appointed, whether his jurisdiction is confined to the Towns of Rangoon and Moulmein, as proposed in the Resolution of the 31st January last, or extended to the Town of Akyab also, and it appeared to be necessary, therefore, to make some provision for carrying on the current business in the several Courts during the absence of the Recorder on duty elsewhere. This consists, amongst other things, of the execution of decrees, the reception of plaints, and of any documents connected therewith which the parties may desire to file, the issue of notice to the Defendants and of summonses to witnesses, and the fixing of days for the trial of causes which will be necessary in order that, on the arrival of the Recorder, there may be always cases ready for hearing to the disposal of which he may immediately apply himself.

For the conduct of the current duties, inclusive of those above described, in each of the Recorders' Courts, the Bill empowers the Governor-General in Council to appoint a Registrar who is to be the Chief Ministerial Officer of the Court to which he is appointed. But as the current business would not be sufficient to give this Officer full employment, it is proposed that he shall be a Judge of Small Causes within the local limits of the jurisdiction of the Recorder's Court of which he is Registrar, and that he shall in that capacity, subject to the control of the Recorder, determine all small causes of the nature described in Act XLIII of 1860, in which the amount or value of the claim does not exceed the sum of 200 Rupees, a power being given to the Governor-General in Council to enlarge the jurisdiction of any Registrar in cases of the like description as far as 500 Rupees. It is further proposed that the Recorder shall have power to refer for trial and decision to the Registrar any suit other than suits falling under the Act abovementioned, in which the amount or value of the claim does not exceed 100 Rupees. The decisions passed by the Registrar in the cases so transferred to him will be open to appeal to the Recorder, under the rules relating to appeal contained in the Code of Civil Procedure. The effect of these provisions will be to relieve the Recorder of a good deal of work which may very well be performed by an Officer receiving a smaller salary, and give him time for the disposal of the more important cases coming before him; they will also afford a speedy remedy in cases of small amount and generally of a simple character which is very desirable.

The Code of Civil Procedure will regulate the proceedings in all Civil cases instituted under the Bill, subject to the provisions of the Acts relating to Small Cause Courts, in cases of the nature described in those Acts, and the Law to be administered will be the Law administered in the High Court of Judicature at Fort William in Bengal in the exercise of its ordinary original Civil jurisdiction.

On the Criminal side the Recorder will, within the local limits of his Civil jurisdiction, have all the powers of a Court of Sessions, as defined in the Code of Criminal Procedure, for the trial of persons not being European British subjects, and of the High Courts of Judicature for the trial of European British subjects charged with offences punishable under the Indian Penal Code except offences punishable with death. For such offences, when committed by European British subjects, the commitment will be made, as at present, to the High Court at Fort

William in Bengal. The procedure on trials held before the Recorder will be the procedure contained in Act XXV of 1861 (the Code of Criminal Procedure). In cases in which the Recorder may sentence any person to suffer death, the sanction of the Chief Commissioner will be necessary before the sentence can be carried into execution. It is proposed that the Chief Commissioner shall have power in any such case to commute a sentence of death to a sentence of transportation for life, or for any shorter period not less than seven years.

It will be in the discretion of the Recorder to reserve any point of Law arising in the course of a trial held before him for the opinion of the High Court at Calcutta, and on any point so reserved, or on its being certified by the Advocate-General that in his judgment there is an error in the decision of a point of Law decided by the Recorder, or that a point of Law which has been decided by the Recorder should be further considered, the High Court will have power to review the case and to pass such judgment and sentence as to it shall seem right.

The foregoing are the only provisions of the Bill which seem to call for particular notice.

MALACCA LIGHT

The new Light at Malacca is exhibited from the ruins of the ancient Portuguese Church on the Hill, 116 feet above the level of the sea at high water. The old Light shewn from the same building was very dim and not visible more than six miles from the *Hughly's* deck, height of eye ten feet above the sea. The present one was seen at a distance of thirteen miles. The Light was much required: it is a capital guide to lead clear of the dangerous Water Islands, and will greatly assist Ships in navigating Malacca Strait

No 187A.

Nynce Tal, the 20th August 1862

The following extracts from the Proceedings of the Government of India, in the Home Department, on the subject of levying Stamp Duty on receipts given for Salary and other Bills, and on receipts given on the Pay Abstracts of Government Establishments, are re-published for general information —

No. 3567.

EXTRACT from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Home Department, under date the 31st July 1862

Read a Telegram from the Acting Chief Secretary to the Government of Bombay, dated 11th June last, enquiring whether each receipt given on the Pay Abstract of a Government Establishment when the sum for which the receipt is given exceeds Rupees 20 should bear a one anna Stamp.

Read a letter from the Advocate-General, dated 3rd July 1862, stating that such receipts require a one anna Stamp.

RESOLUTION — The Governor General in Council is of opinion that the general receipt given by the Head of an Office on the back of a Pay Abstract

is not liable to a Stamp Duty, the receipt being executed, in this instance, by an Officer of Government in his Official capacity and acting on behalf of Government, but that when the amount of the Pay Abstract comes to be distributed the receipts of the payees for salaries exceeding 20 Rupees a month must have a Stamp of one anna affixed to each like other receipts given for the payment of money. The taking of such receipts on the back of a general Pay Abstract does not, in the opinion of His Excellency in Council, form any ground of exemption.

2. The question may arise whether, the Law being as above stated, such receipts should be specially exempted from Stamp Duty. The Governor General in Council sees no reason why they should. The Tax is one which has been purposely put at such a low uniform rate that it will hardly be felt as a burden by any one, and it therefore appears to His Excellency in Council to be very undesirable to admit of any exemptions from the Tax other than those provided for by the Law.

Ordered, that a copy of this Resolution, and of the Advocate-General's opinion referred to, be forwarded to the Government of Bombay for information and guidance in continuation of the Telegram issued yesterday.

Ordered also, that a copy of this Resolution and of the Advocate-General's Opinion be forwarded to the Local Governments and Administrations, Departments, and Authorities noted on the margin, for information and guidance. The necessary communication to the Bank of Bengal will be made by the Financial Department.

OPINION BY THE STANDING COUNCIL

I have considered this question on several occasions, and am of opinion that Government Salary Bills do not fall within the exemption of instruments made, or executed by, or on behalf of Government in the Schedule A. to the Stamp Act, and that consequently receipts given for salary ought to be stamped as all other ordinary receipts.

2. I think the Bank of Bengal ought to require the affix of a Stamp in all these cases before making payment.

(Sd) J. GRAHAM.

The 26th June 1862.

No. 3886.

Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Home Department (Separate Revenue), under date the 31st July 1862.

Read letter from the Officiating Accountant-General to the Government of India No. 258, dated 28th June last, received under cover of a docket No. 1132, dated 5th July, from the Financial Department, on the subject of levying Stamp Duty on receipts given for Salary and other Bills.

Read also the Opinion of the Standing Council dated 26th June 1862, which was obtained by the Officiating Accountant-General, and which formed an enclosure of his communication, to the effect that "Government Salary Bills do not fall within the exemption of instruments made, or executed by, or on behalf of Government in the Schedule A. to the Stamp Act, and that consequently receipts given for salary ought to be stamped as all other ordinary receipts," as also that "the Bank of Bengal ought to require the affix of a Stamp in all these cases before making payment."

Read also the Resolution No. 3867, passed this day by the Governor General in Council on the subject

RESOLUTION.—In the Resolution No. passed this day, the opinion of the Governor General in Council has been expressed in regard to the question of the requirement of the Law in respect of Stamps on receipts for salaries exceeding 20 Rupees. The Governor in Council sees no reason for exempting from the moderate Stamp Duty of one anna any of the Bills forwarded by the Officiating Accountant-General.

The opinion of the Standing Council, that "the Bank of Bengal ought to require the affix of a Stamp in all these cases before making payment," should be communicated, through the Financial Department, to the Bank of Bengal.

Ordered, that a copy of this Resolution be forwarded to the Financial Department, in order that the necessary communication may be made to the Bank of Bengal and for communication to the Officiating Accountant-General with reference to his letter No. 258, dated 28th ultimo, the original enclosures of which are returned.

Ordered also, that a copy of this Resolution, and of the Standing Council's Opinion referred to, be forwarded to the Departments, Local Governments, Administrations, and Authorities noted on the margin, for information, in continuation of Extract No. 3867 of this day's date.

FORT WILLIAM,

The 9th September 1862.

Notice to Claimants to Share in the Delhi and Lucknow Prize Properties.

PARTIES having claims on account of themselves, of those who served under them, of the Estates of deceased Officers and Soldiers, or of their Constituents to share in either of the above Prizes are requested to submit them, without further delay, accompanied by the necessary proofs, to the Prize Department of the Examiner's Office, No. 7, Middleton Row, Calcutta.

2. From the absence of the usual Rolls (the Returns during the period of the Mutiny reached very irregularly, and are, in very many cases, altogether wanting) it has been found impossible to compile a List of the parties entitled to share in the Delhi and Lucknow Prizes, and the Adjutant-General's Department has been unable to furnish a List of those entitled to additional shares by reason of their having held staff appointments and commands

3. The number of persons entitled to share can therefore only be ascertained through the claims, supported by proofs, which are submitted. It is known that many claims have not been sent in in the case of Corps and Detachments a report has been made to Government), and until the parties or their representatives submit them a final distribution of either the Delhi and Lucknow Prize cannot be made.

4. Each claim sent in must be supported by a Certificate showing the dates between which the party was present at the operation for which the claim is made

5. When additional shares beyond those of the Regimental rank of the party are claimed a Certificate from a Staff or Commanding Officer must be attached, shewing the nature of the service and the date on which the claimant took charge and relinquished the duty.

6. When claims are submitted by representatives a Power of Attorney must be sent, and in the case of Estates, when the President of the Committee of Adjustment or the Administrator-General does not claim, proof of the party being entitled to administer must be shewn.

7. It has been decided by the Law Authorities that there is no limit to the period during which claims can be submitted. It is therefore necessary to ascertain the number of probable claimants before a final settlement or even a second distribution can be made.

8. The distribution of the *Punjab Prize* is delayed by the absence of any Rolls of claimants of the Royal Navy. These have long since been applied for.

Comdr. of Army Prizes.

HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—I HAVE to inform you that it has been resolved that an unemployed Major General of the Staff Corps, although he may not have succeeded to the Colonel's allowance, shall be permitted to remain in this country without any limitation as to period of residence in the same manner as General Officers and Colonels of Regiments of the Indian Forces have been permitted to remain. During his residence such General Officer will be entitled to receive the rate of pay fixed by the Royal Warrant for General Officers out of India, viz, 25 Shillings per diem.

No 869 of 1862.—The following Military Letter from the Right Hon'ble the Secretary of State for India, No 270 of the 31st July 1862, is published for general information.—

MILITARY

No 270

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—*Para. 1*—I HAVE received and considered in Council your letters Nos 60 and 130, dated, severally, 3rd March and 17th April 1862, the former forwarding copies of a letter from the Government of Bombay, No 169 of 17th January 1862, enclosing a Memorial from Lieutenant-Colonel Stewart, of the 25th Bombay Native Infantry, and the latter submitting a Memorial from Lieutenant-Colonel Macpherson, of the 10th Bengal Native Infantry, relative to the effect produced on the promotion of the Senior Officers of the Indian Army by the Rules laid down in my Despatch No. 320 of 10th August 1861, under which the names of the Lieutenant-Colonels who have accepted the annuities authorized in that Despatch are retained on the General List to regulate the succession to the Colonel's allowance.

2. Upon this point you observe that there can be no doubt that, as none of the Lieutenant-Colonels who have retired with their annuities can possibly give their Juniors a step unless by their death, the Rule must operate injuriously on the prospects of promotion of those more immediately below them.

3. The Government of Bombay, whose suggestions appear to be contained among the papers forwarded by you in a 'draft of an intended letter,' recommends that, instead of the system of succession recently prescribed by Her Majesty's Government, each Regimental Lieutenant Colonel should receive promotion to the position of Colonel with Colonel's allowance after the expiration of ten years from the date of attaining his Regimental Lieutenant-Colonelcy.

4. Your Government, in general terms, recommended the case of the Lieutenant-Colonels to my favorable consideration.

5. The proposal to reduce the number of Colonels with Colonel's allowances, in the manner described in my Despatch No. 320 of 10th August, was made upon a consideration that a certain number must be withdrawn from the list of Colonels in a given ratio to the number of Officers appointed to the Staff Corps and that some further reduction would have to be made in consequence of the reduction of the number of Regiments.

6. In consequence of the Mutiny nearly the whole of the Native Regular Regiments of the Army of Bengal have disappeared, and a smaller number of Irregular Regiments have been raised in their place. Several Regiments also have been reduced in the other Presidencies.

7. These reductions were rendered necessary by considerations both of a financial and of a political character.

8. It is almost impossible when a reduction of force becomes necessary that Officers, as well as men, should not be made to suffer from the consequences of a diminution of the strength of the Army.

9. In carrying out the measures which were necessary for this purpose in India men have been discharged in large numbers with gratuities or pensions.

10. Great consideration has also been shewn to the European Officers. They have been retained in their respective cadres in full pay, and with no alteration in the system of promotion to the higher ranks by seniority.

11. A considerable impulse has been lately given to promotion among the Officers generally by the retirements under the annuity scheme, but the Lieutenant Colonels of date prior to 1st January 1862, who did not accept annuities, derived no such benefit, on the contrary, their prospects of promotion under the operation of that scheme would, as shewn by Lieutenant-Colonel Macpherson, be affected injuriously to some extent.

12. In order to remove any reasonable ground of complaint Her

* Lieutenant Colonel Browne stands at present fifth on the list of Regimental Lieutenant Colonels of the Mad. Infantry. Two of those above him are effective Officers and two are borne on the list in studies. When the Lieutenant Colonel second on the list, viz, Lieutenant-Colonel Fitzgerald, succeeds to the Colonel's allowance, Lieutenant-Colonel Browne will become entitled to benefit by the Rules as to succession to the allowance after twelve years, but not before.

Majesty's Government have determined that all Regimental Lieutenant-Colonels remaining on the General List of the local Armies in the three Presidencies, whose Commissions as such

date prior to the 1st January 1862, shall be

considered entitled to promotion to the rank and allowances of Colonel when they shall have been twelve years in the rank of Regimental Lieutenant-Colonel; provided, however, that no promotion under this Rule shall take place until those not in any way affected by the retention of the names of the retired Officers on the list shall have received the step in ordinary course (*vide* Note *).

13. All Officers who may have held the rank of Lieutenant Colonel on the 1st January 1862 will also be entitled to promotion to the superior grade of Colonel with Colonel's allowances, if the step come to them in ordinary course before the completion of twelve years' service as Lieutenant-Colonel, but when these Lieutenant-Colonels have been removed from the list the promotion of those whose Commissions bear date on the 1st January 1862 or subsequently will only be made, as in the Staff Corps, after twelve years' service in that Grade.

14. The names of the Officers of the Staff Corps, and those of the new Line Regiment, will be treated in a similar manner with those of the effective Officer on the list, with the exception that, in the case of the two former then names, upon coming into the position of Colonel with Colonel's allowances under the operation of the above Rule, will be removed altogether from the General Regimental List of the Indian Army, and promotion made in their places.

15. The principle upon which the succession to Colncl's allowance is made of the Indian Army, who have not joined the Staff Corps or the new Line Regiments, is to be hereafter regulated is to be considered as determined by this arrangement.

IN cancellation of Notification of this Department, under date the 9th March 1861, relative to the Stamps required on Powers of Attorney either for the realization of interest on, or for the sale of Government Promissory Notes, notice is hereby given that Powers of Attorney executed after the passing of Act X. of 1862 must be on Stamped Paper of the value prescribed in Article 43, Schedule A. of Act X. of 1862.

Copy of the Standing Counsel's Opinion on the point, dated 10th September 1862, is subjoined:—

OPINION.

I entirely agree in the conclusions in the within letter of July 29th. It is very clear that Schedule B, Clause 8, does not in any manner relate to these Powers of Attorney, but only to such as are required in the conduct of cases before Courts of Justice or Revenue Authorities; therefore the Stamp to be required in all cases for Powers to draw interest executed after Act X. of 1862 should be of (4) four Rupees except in the excepted instance at the end of Clause 43 of Schedule A, in which it ought to be a Stamp of one Rupee.

Notice to Claimants to Share in the Delhi and Lucknow Prize Properties.

PARTIES HAVING claims on account of themselves, of those who served under them, of the Estates of deceased Officers and Soldiers, or of their Constituents to share in either of the above Prizes are requested to submit them, without further delay, accompanied by the necessary proofs, to the Prize Department of the Examiner's Office, No. 7, Middleton Row, Calcutta.

2. From the absence of the usual Rolls (the Returns during the period of the Mutiny reached very irregularly, and are, in very many cases, altogether wanting) it has been found impossible to compile a List of the parties entitled to share in the Delhi and Lucknow Prizes, and the Adjutant-General's Department has been unable to furnish a List of those entitled to additional shares by reason of their having held staff appointments and commands.

3. The number of persons entitled to share can therefore only be ascertained through the claims, supported by proofs, which are submitted. It is known that many claims have not been sent in (in the case of Corps and Detachments a report has been made to Government), and until the parties or their representatives submit them a final distribution of either the Delhi and Lucknow Prize cannot be made.

4. Each claim sent in must be supported by a Certificate shewing the dates between which the party was present at the operation for which the claim is made.

5. When additional shares beyond those of the Regimental rank of the party are claimed a Certificate from a Staff or Commanding Officer must be attached, shewing the nature of the service and the date on which the claimant took charge and relinquished the duty.

6. When claims are submitted by representatives a Power of Attorney must be sent, and in the case of Estates, when the President of the Committee of Adjustment or the Administrator-General does not claim, proof of the party being entitled to administer must be shewn.

7. It has been decided by the Law Authorities that there is no limit to the period during which claims can be submitted. It is therefore necessary to ascertain the number of probable claimants before a final settlement or even a second distribution can be made.

8. The distribution of the Pegu Prize is delayed by the absence of any Rolls of claimants of the Royal Navy. These have long since been applied for.

Read again the following papers regarding the grant of Gratuities to Public Servants :

Financial Despatch from the late Court of Directors, No. 38 of 1856, paragraph 31

Resolution, No. 1015, passed in this Department on the 26th February 1858, and published in Financial Notification No. 118 of the 10th July 1862.

Ditto No. , dated the 29th March 1862.

RESOLUTION.—Under the orders above referred to, when an Uncovenanted Servant is discharged in consequence of the abolition of his office, he is not allowed a gratuity until he has been six months out of Government employ, and then he receives it on the condition that the period of service for which the gratuity is granted is not again to be reckoned as service qualifying for pension in the event of his being re-employed. But it has been represented that the former of these Rules is likely in some cases to operate with unusual hardship. His Excellency the Governor General in Council is therefore pleased to direct that, for the future, when an Uncovenanted Servant is thrown out of employ by the abolition of his appointment, his claim to gratuity shall at once be considered and decided on; but instead of receiving in one sum the whole gratuity which may be sanctioned, he shall continue after his discharge to draw his salary from month to month until the amount of the gratuity be exhausted. If he should, in the meantime, be re-admitted to the Government service he may be permitted either to draw the unexhausted balance of the gratuity on the understanding that his previous service will not be allowed to count towards pension, or to refund by convenient instalments the amount already paid to him, and thus to recover the privilege of reckoning his service.

No. 877 of 1862.—Under instructions from the Right Hon'ble the Secretary of State for India, His Excellency the Governor General in Council is pleased to publish the following Form of Declaration which is in future to be adopted by all Widows of Officers who are applicants for admission to the benefits of Lord Clive's Fund, and to notify that upon each occasion of the receipt of Pension, the Pensioner admitted under such Declaration will be required to state in a Form also given that she

JOHN G. RIDDIE,

*Offg. Controller of Marine Affairs***ORDERS by the LIEUTENANT-GOVERNOR of BENGAL****NOTIFICATION.***Sylhet, 30th August 1862.*

The following Rules for the sale of unassessed waste lands, and for the redemption of the revenue of such lands already granted for a term of years in the Lieutenant-Governorship of Bengal, are published for general information:—

Rule 1.—All unassessed waste lands in which no right of proprietorship or exclusive occupancy is known to exist, or to have existed and to be capable of revival, are available for purchase under these Rules, unless specially reserved under Rule 21.

2. No greater quantity of land than three thousand acres shall be sold in one lot except with the express sanction of the Government. If for special reasons, in particular localities, a lower maximum area than three thousand acres should be determined upon, it will be duly notified hereafter.

3. Every lot shall be compact and shall include no more than one tract of land in a ring fence; and when the land touches a Public Road

or a Navigable River, the length of the Road or River frontage shall not exceed one-half the depth of the lot. No lot will be sold unless it has been previously surveyed and demarcated, or until it shall have been surveyed and demarcated in consequence of an application for purchase. The Survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its gross area. If on completion of the Survey it shall appear that the area of the lot applied for exceeds the prescribed maximum the excess shall be excluded.

4. Applications for the purchase of waste land shall be made to the Collector of the District, and every application shall contain the following particulars:

1st.—The estimated area of the land applied for.

2nd.—The situation of the land and its boundaries as accurately as can be ascertained.

5. If the Collector be satisfied that the land applied for is available for purchase and within the conditions prescribed in Rules 2 and 3, and if it have been previously surveyed and demarcated, he shall advertise the lot for sale on a given day at an upset price of not less than 2 Rupees Sannas an acre on the whole area. The advertisement shall be published in the Collector's Office, in the Court of the Principal Judicial Officer of the District, and at the Moonsiff's Court (if there be one) and Police Station within the limits of which the lands are situated.

6. If the Collector be satisfied as above and if the land have not been surveyed, he shall cause it to be surveyed and its boundaries demarcated, the estimated cost of such survey and demarcation being first deposited by the applicant. On the completion of the Survey the advertisement of sale shall be published as above.

7. The day of sale to be named in the advertisement shall not be less than thirty days from the date of publication, and the sale shall be held at the Collector's Office. The sale may be postponed if in the Collector's judgment it be necessary, due notice being always given of the date on which the sale will be held.

8. If before the day of sale no claim of proprietary, or occupative, right in the land be preferred, the lot shall be sold by auction to the highest bidder above the upset price or to the applicant at the upset price if there be no higher bid.

9. On payment of one-ninth of the purchase money and of all expenses of survey, demarcation, advertisement, and sale the purchaser shall receive a Deed (in a form which will hereafter be issued by the Board of Revenue) signed by the Collector, conveying to him the lot, in full hereditary and transferable proprietary right, free for ever from all demand on account of Land Revenue, but subject nevertheless to all general taxes and local rates imposed by Law, and to any other claim whether of the Government or otherwise that may have been or may hereafter be established in any Court of competent jurisdiction.

10. If before the day of sale a claim of proprietary or occupative right in any part of the land be preferred, the Collector shall investigate the claim, and, if satisfied that it is groundless, shall reject it and proceed with the sale.

11. If on investigation any such claim should appear to be well grounded, the Collector may either reject the application for purchase of the lands, or refer it for the orders of the Commissioner. In the former case the applicant may appeal to the Commissioner.

12. The Commissioner may direct the Collector either to reject the application, or to proceed with the sale of the land, either unreservedly on the conditions prescribed in Rule 9, or, if any claim to right of proprietorship, occupancy, or use in any part of the lands be established to the satisfaction of the Commissioner, with a special reservation of such right, or exclusive of the area in which such right exists. If the application for purchase of the land be rejected, the amount deposited as cost of Survey will be forfeited.

13. On being put in possession of the lot, the purchaser shall be bound to erect as many substantial boundary marks of masonry as the Collector may think necessary.

14. If the land be purchased by any person other than the applicant, the estimated cost of Survey deposited by the applicant shall be returned to him.

15. The purchaser may, if he choose, pay the whole of the purchase money when the lot is sold or the Deed delivered to him. Or, if he choose, he may pay a portion, not being less than 10 per cent. at the time of sale, and the remainder in instalments at any future time, not being more than ten years from the date of sale. In the latter case simple interest, at the rate of 10 per cent a year, will be charged on the unpaid portion of the purchase money, and the whole lot will remain hypothecated as security for the full discharge of the amount, including principal and interest, and be liable to sale by order of the Collector if the said amount be not paid within the stipulated period.

16. If the purchaser fails to pay one-tenth of the purchase money and all other expenses within three months from the day of sale, the lot will be put up to sale again on the same conditions as before, and sold at the risk of the first purchaser, whose deposit will also be forfeited.

17. The upset price will be calculated on the whole area of the lot without any deduction on any account whatever. Ordinarily the upset price will be 2 Rupees 5 annas an acre, but in special cases the Collector, with the sanction of the Commissioner, may put a higher upset price on any lot, provided that the upset price of available waste lands shall in no case exceed 10 Rupees an acre.

18. If it should at any time be found that the same land has been included in more than one lot it shall be held to belong to the lot first sold, and all subsequent sales shall as regards such land become null and void. In the event of any dispute regarding the boundary of two or more adjoining lots, the Collector may, on the application of any one of the parties, re-adjudge the boundaries of the lots, and his decision shall be final. The price paid by any subsequent purchaser for land thus excluded from his lot will be refunded to him with simple interest at 10 per cent.

19. All grants of waste land already made for a term of years under previously existing Rules, in which no right of occupancy or proprietorship exists, except that of the grantee or that derived from him, will be treated for the purposes of this Rule as if the land were permanently settled; and the grantees or their representatives may redeem the future land revenue of such grants or of any compact part of them in perpetuity for an amount equal to the present value of all future stipulated annual payments calculated at 5 per cent interest, provided the said amount is not less

than 2 Rupees 8 annas an acre on the whole area of which the revenue is redeemed.

20. All sales of waste land and all redemptions made under these Rules in each Division will be reported immediately to the Board of Revenue in such form as the Board may direct, but no sale of waste lands once made by a Collector in conformity with these Rules will be disturbed by any higher executive authority.

21. Reserves of grazing and forest land, of land for the growth of firewood near Towns and Stations, of building sites, parks, recreation grounds, and the like, and of land required for other special purposes, are not to be sold under these Rules without the express sanction of the Government. A list of these lands is under preparation by the Board of Revenue and when it has been approved by the Government it will be published in the *Gazette*.

By Order of the Board of Revenue,

W. J. HERSCHEL,
Offg. Junior Secretary.

FORT WILLIAM,
The 12th Sept. 1862.

Notice to Claimants to Share in the Delhi and Lucknow Prize Properties.

PARTIES having claims on account of themselves, of those who served under them, of the Estates of deceased Officers and Soldiers, or of their Constituents to share in either of the above Prizes are requested to submit them, without further delay, accompanied by the necessary proofs, to the Prize Department of the Examiner's Office, No. 7, Middleton Row, Calcutta.

2. From the absence of the usual Rolls (the Returns during the period of the Mutiny reached very irregularly, and are, in very many cases, altogether wanting) it has been found impossible to compile a List of the parties entitled to share in the Delhi and Lucknow Prizes, and the Adjutant-General's Department has been unable to furnish a List of those entitled to additional shares by reason of their having held staff appointments and commands.

3. The number of persons entitled to share can therefore only be ascertained through the claims supported by proofs, which are submitted. It is known that many claims have not been sent in (in the case of Corps and Detachments a report has been made to Government), and until the parties or their representatives submit them a final distribution of either the Delhi and Lucknow Prize cannot be made.

4. Each claim sent in must be supported by a Certificate shewing the dates between which the party was present at the operation for which the claim is made.

5. When additional shares beyond those of the Regimental rank of the party are claimed, a Certificate from a Staff or Commanding Officer must be attached, shewing the nature of the service and the date on which the claimant took charge and relinquished the duty.

6. When claims are submitted by representatives, a Power of Attorney must be sent, and in the case of Estates, when the President of the Committee of Adjustment or the Administrator-General does not claim, proof of the party being entitled to administer must be shown.

7. It has been decided by the Law Authorities that there is no limit to the period during which claims can be submitted. It is therefore necessary to ascertain the number of probable claimants before a final settlement or even a second distribution can be made.

8. The distribution of the Poona Prize is delayed by the absence of any Rolls of claimants of the Royal Navy. These have long since been applied for.

F. D. ATKINSON, *Lieut.-Col.,*
Contl. of Mdy Finance.

Notification.

In cancellation of Notification of this Department, under date the 9th March 1861, relative to the Stamps required on Powers of Attorney either for the realization of interest on, or for the sale of Government Promissory Notes, notice is hereby given that Powers of Attorney executed after the passing of Act X. of 1862 must be on Stamped Paper of the value prescribed in Article 43, Schedule A. of Act X. of 1862.

Schedule A., 43.—"Letter or Power of Attorney not being of the kinds provided for in Schedule B." ... Rs. 4

"If the Letter or Power of Attorney be
"for the performance of one act only, and
"the value of the property to be dealt with
"be expressed in the Letter or Power and
"do not exceed Rupees 500 ... " 1

Copy of the Standing Counsel's Opinion on the point, dated 10th September 1862, is subjoined.—
OPINION.

I entirely agree in the conclusions in the within letter of July 29th. It is very clear that Schedule B, Clause 8, does not in any manner relate to these Powers of Attorney, but only to such as are required in the conduct of cases before Courts of Justice or Revenue Authorities; therefore the Stamp to be required in all cases for Powers to draw interest executed after Act X. of 1862 should be of (4) four Rupees except in the excepted instance at the end of Clause 43 of Schedule A, in which it ought to be a Stamp of one Rupee.

APPOINTED MEMBERS
OF THE
Bengal Civil Service.

THE following Rules are prescribed for the Examination of the newly-appointed Members of the Bengal Civil Service in the languages of India prevailing in the Presidency of Fort William, for their guidance and control, until declared qualified for the Public Service by knowledge of those languages, and for the discharge of other duties formerly performed by the Secretary and Examiners of the College of Fort William:—

I. There shall be a Board of Examiners in Calcutta, consisting of a President and as many Members, ex-officio or otherwise, as the Government may from time to time appoint, with a Secretary who may be also a Member of the Board.

II. For the more convenient dispatch of business the Board may form itself into Sub-Committees, each consisting of two or more of its Members, and the President shall appoint a Secretary to each Sub-Committee from among the Members of the Board and its Secretary. There shall be one Sub-Committee for the examination of Civil Servants by the qualification test and for honors, and for the performance of the other duties formerly discharged by the Examiners of the College of Fort William; and another Sub-Committee for the examination of Assistants. The correspondence and miscellaneous executive business of the Board shall be conducted by the Secretary acting under the orders of the President.

III. The President of the Board shall be the President of each Sub-Committee, and the act of each Sub-Committee shall be, and be described to be, the act of the Board.

IV. Every person appointed a Member of Her Majesty's Civil Service on the Bengal Establishment shall, immediately on his arrival in Calcutta, report himself in person to the Secretary to the Board.

All such orders shall be regularly entered in an Order-Book to be kept by the Secretary.

Applications for an exchange from one Division to another must be submitted to Government through the Board of Examiners.

North-West Provinces, the Punjab, and Oude must qualify in Persian and Hindec.

Intermediate examinations are not to be held, except under peculiar circumstances, and with the express sanction of the President.

IX. Every Civil Servant is expected to pass the test of qualification in one language at or before the seventh general monthly examination, and in a second language at or before the thirteenth general monthly examination, after his arrival in India. XXI. To every Civil Servant who gains a degree of honor there shall be awarded a donation of one thousand six hundred Rupees, and a Diploma under the signature of the head of the Government of India.

But two pecuniary rewards for the same language will not be given; and if, after obtaining a certificate of high proficiency, a Civil Servant becomes entitled to a degree of honor in the same language, he shall, on the second occasion, receive only the difference between the rewards attached to these two several distinctions.

XXIII. Every instance in which this Rule is transgressed shall be reported to the Government by the Secretary to the Board.

XXVII. Any young Civil Servant who may be guilty of any irregular or indecorous conduct which may not appear to call for a report to Government, shall be admonished by the President. But serious instances of wilful disobedience, or of disorderly and unbecoming conduct, shall be reported for the information and orders of the Government.

XXVIII. Whenever it may appear to the Secretary or to any Member of the Board of Examiners that a young Civil Servant is likely, from expensive habits, from idleness, or any improper indulgences to incur debt, or otherwise to disgrace himself and set an injurious example to others, a report shall be made to the President, and the President, after admonition, shall, if he think necessary, report the matter for the information of the Government.

XXIX. The contracting of debt by the Civil Servants of Her Majesty is prohibited. Those who enter the Public Service under pecuniary embarrassment, implying the contraction of habits of prodigality, will be held to be disqualified for employment of trust and confidence so long as those habits and embarrassments continue.

XXXIV. Civil Servants will receive, from the date of their arrival in the country until they pass the test of qualification in one language, a salary of 250 Rupees a month, and so long as they remain in Calcutta an allowance of 80 Rupees for house-rent. After passing the test in one language they will receive, until attached to the Public Service, a salary of 300 Rupees a month, and, while they remain in Calcutta, 80 Rupees as house-rent.

XXXV. Native Teachers will be allowed to the young Civil Servants at the public expense. In Calcutta each Civil Servant will be at liberty to entertain a Moonshee or a Pundit according to the language he is studying, and every such Teacher will receive from the Secretary to the Board of Examiners the authorized allowance (30 Rupees a month) on the production of a certificate duly attested by the Student on whom he may have attended. An examination for admitting Moonshees and Pundits will be held by the Board from time to time, and only such as gain testimonials of qualification to teach shall be eligible for employment by the Students. A testimonial is to be given for each language in which, on examination, qualification is established, the test for such examination being the same as that laid down

for a degree of honor including a fair knowledge of English. One Moonshee or Pundit will not be allowed to draw pay for more than three Students in one month.

XXXVI. In the Interior the choice of the Moonshee or Pundit will be subject to the approval of the Chief Civil Authority, and on the production of a like certificate, the authorized allowance will be paid by the Collector of the District and debited in his accounts to the Secretary to the Board of Examiners.

XXXVII. No medical certificate furnished by an unpassed Civil Servant in proof of inability either to prosecute his studies or to attend Examination shall be held to be of any effect, unless it distinctly states, from personal observation, the nature of the illness in question, as well as the symptoms by which it has been manifested, and the period during which it has existed and incapacitated the Civil Servant from study; nor unless it is signed by a Presidency Surgeon, or, in the case of a Student studying at a Station in the Interior by the Medical Officer of the Station, and countersigned by the Superintending Surgeon; nor unless it is transmitted to the Secretary to the Board of Examiners within one month from the period of sickness to which it refers.

XXXVIII. Any unpassed Civil Servant who may be prevented by temporary indisposition, duly certified as above from attending any Examination, having failed to pass at which, such Civil Servant would, under Section IX. of these Rules, be required to leave Calcutta, shall be required to undergo a special examination on the expiry of a period equal to that which is covered by his medical certificate.

FORT WILLIAM; PAY OFFICE, }
The 31st August 1862.

C. F. M. MUNDY, Major,
Presidency Pay-Master.

H. W. NORMAN, Lieut.-Col.,
Secy. to the Govt. of India.

3 Every lot shall be compact and shall include no more than one tract of land in a ring fence, and when the land touches a Public Road or a Navigable River, the length of the Road or River frontage shall not exceed one-half the depth of the lot. No lot will be sold unless it has been previously surveyed and demarcated, or until it shall have been surveyed and demarcated in consequence of an application for purchase. The Survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its gross area. If on completion of the Survey it shall appear that the

area of the lot applied for exceeds the prescribed maximum the excess shall be excluded.

4. Applications for the purchase of waste land shall be made to the Collector of the District, and every application shall contain the following particulars:—

1st.—The estimated area of the land applied for

2nd.—The situation of the land and its boundaries as accurately as can be ascertained

5. If the Collector be satisfied that the land applied for is available for purchase and within the conditions prescribed in Rules 2 and 3, and if it have been previously surveyed and demarcated, he shall advertise the lot for sale on a given day at an upset price of not less than 2 Rupees 8 annas an acre on the whole area. The advertisement shall be published in the Collector's Office, in the Court of the Principal Judicial Officer of the District, and at the Moonsiff's Court (if there be one) and Police Station within the limits of which the lands are situated

6. If the Collector be satisfied as above and if the land have not been surveyed, he shall cause it to be surveyed and its boundaries demarcated, the estimated cost of such survey and demarcation being first deposited by the applicant. On the completion of the Survey the advertisement of sale shall be published as above.

7. The day of sale to be named in the advertisement shall not be less than thirty days from the date of publication, and the sale shall be held at the Collector's Office. The sale may be postponed if in the Collector's judgment it be necessary, due notice being always given of the date on which the sale will be held

8. If before the day of sale no claim of proprietary, or occupative, right in the land be preferred, the lot shall be sold by auction to the highest bidder above the upset price, or to the applicant at the upset price if there be no higher bid

9. On payment of one-tenth of the purchase money and of all expenses of survey, demarcation, advertisement, and sale the purchaser shall receive a Deed (in a form which will hereafter be issued by the Board of Revenue) signed by the Collector, conveying to him the lot, in full hereditary and transferable proprietary right, free for ever from all demand on account of Land Revenue, but subject nevertheless to all general taxes and local rates imposed by Law, and to any other claim whether of the Government or otherwise that may have been or may hereafter be established in any Court of competent jurisdiction.

10. If before the day of sale a claim of proprietary or occupative right in any part of the land be preferred, the Collector shall investigate the claim, and, if satisfied that it is groundless, shall reject it and proceed with the sale

11. If on investigation any such claim should appear to be well grounded, the Collector may either reject the application for purchase of the lands, or refer it for the orders of the Commissioner. In the former case the applicant may appeal to the Commissioner.

12. The Commissioner may direct the Collector either to reject the application, or to proceed with the sale of the land, either unreservedly on the conditions prescribed in Rule 9, or, if any claim to right of proprietorship, occupancy, or use in any part of the lands be established to the satisfaction of the Commissioner, with a special reservation of such right, or exclusive of the area in which such right exists. If the application for

purchase of the land be rejected, the amount deposited as cost of Survey will be forfeited

13. On being put in possession of the lot, the purchaser shall be bound to erect as many substantial boundary marks of masonry as the Collector may think necessary.

14. If the land be purchased by any person other than the applicant, the estimated cost of Survey deposited by the applicant shall be returned to him.

15. The purchaser may, if he choose, pay the whole of the purchase money when the lot is sold or the Deed delivered to him. Or, if he choose, he may pay a portion, not being less than 10 per cent at the time of sale, and the remainder in instalments at any future time, not being more than ten years from the date of sale. In the latter case simple interest, at the rate of 10 per cent a year, will be charged on the unpaid portion of the purchase money, and the whole lot will remain hypothecated as security for the full discharge of the amount, including principal and interest, and be liable to sale by order of the Collector if the said amount be not paid within the stipulated period

16. If the purchaser fails to pay one-tenth of the purchase money and all other expenses within three months from the day of sale, the lot will be put up to sale again on the same conditions as before, and sold at the risk of the first purchaser, whose deposit will also be forfeited

17. The upset price will be calculated on the whole area of the lot without any deduction on any account whatever. Ordinarily the upset price will be 2 Rupees 8 annas an acre, but in special cases the Collector, with the sanction of the Commissioner, may put a higher upset price on any lot, provided that the upset price of available waste lands shall in no case exceed 10 Rupees an acre

18. If it should at any time be found that the same land has been included in more than one lot it shall be held to belong to the lot first sold, and all subsequent sales shall as regards such land become null and void. In the event of any dispute regarding the boundary of two or more adjoining lots, the Collector may, on the application of any one of the parties, re-adjust the boundaries of the lots, and his decision shall be final. The price paid by any subsequent purchaser for land thus excluded from his lot will be refunded to him with simple interest at 10 per cent.

19. All grants of waste land already made for a term of years under previously existing Rules, in which no right of occupancy or proprietorship exists, except that of the grantee or that derived from him, will be treated for the purposes of this Rule as if the land were permanently settled; and the grantees or their representatives may redeem the future land revenue of such grants or of any compact part of them in perpetuity for an amount equal to the present value of all future stipulated annual payments calculated at 5 per cent. interest, provided the said amount is not less than 2 Rupees 8 annas an acre on the whole area of which the revenue is redeemed.

20. All sales of waste land and all redemptions made under these Rules in each Division will be reported immediately to the Board of Revenue in such form as the Board may direct, but no sale of waste lands once made by a Collector in conformity with these Rules will be disturbed by any higher executive authority.

21. Reserves of grazing and forest land, of land for the growth of firewood near Towns and Stations, of building sites, parks, recreation grounds, and the like, and of land required for other special purposes, are not to be sold under those Rules without the express sanction of the Government. A list of these lands is under preparation by the Board of Revenue, and when it has been approved by the Government it will be published in the *Gazette*.

22. Lands for the purchase of which application has been made under the Resolution of the 17th October 1861 will, if such application were duly registered, be dealt with in accordance with the terms of the said Resolution so far as the Law allows.

23. From and after the date of the promulgation of these Rules no fresh applications for grants of waste land under any previous Rules will be entertained.

By Order, &c.,

J. D. GORDON,

Offg. Junior Secy. to the Govt. of Bengal.

CALCUTTA,
The 15th September 1862. }

Notice to Claimants to Share in the Delhi and Lucknow Prize Properties.

PARTIES having claims on account of themselves, of those who served under them, of the Estates of deceased Officers and Soldiers, or of their Constituents to share in either of the above Prizes are requested to submit them, without further delay, accompanied by the necessary proofs, to the Prize Department of the Examiner's Office, No. 7, Middleton Row, Calcutta.

2. From the absence of the usual Rolls (the Returns during the period of the Mutiny reached very irregularly, and are, in very many cases, altogether wanting) it has been found impossible to compile a List of the parties entitled to share in the Delhi and Lucknow Prizes, and the Adjutant-General's Department has been unable to furnish a List of those entitled to additional shares by reason of their having held staff appointments and commands.

3. The number of persons entitled to share can therefore only be ascertained through the claims, supported by proofs, which are submitted. It is known that many claims have not been sent in (in the case of Corps and Detachments a

report has been made to Government), and until the parties or their representatives submit them a final distribution of either the Delhi and Lucknow Prize cannot be made.

4. Each claim sent in must be supported by a Certificate shewing the dates between which the party was present at the operation for which the claim is made.

5. When additional shares beyond those of the Regimental rank of the party are claimed, a Certificate from a Staff or Commanding Officer must be attached, shewing the nature of the service and the date on which the claimant took charge and relinquished the duty.

6. When claims are submitted by representatives, a Power of Attorney must be sent, and in the case of Estates, when the President of the Committee of Adjustment or the Administrator-General does not claim, proof of the party being entitled to administer must be shewn.

7. It has been decided by the Law Authorities that there is no limit to the period during which claims can be submitted. It is therefore necessary to ascertain the number of probable claimants before a final settlement or even a second distribution can be made.

8. The distribution of the Pegu Prize is delayed by the absence of any Rolls of claimants of the Royal Navy. These have long since been applied for.

F. D. ATKINSON, *Lieut.-Col.*,
Contl. of Mily Finance.

Notification.

In cancellation of Notification of this Department, under date the 9th March 1861, relative to the Stamps required on Powers of Attorney either for the realization of interest on, or for the sale of Government Promissory Notes, notice is hereby given that Powers of Attorney executed after the passing of Act X. of 1862 must be on Stamped Paper of the value prescribed in Article 13, Schedule A. of Act X. of 1862.

Schedule A. 13. — "Letter or Power of Attorney not being of the kinds provided for in Schedule B." ... Rs. 4

"If the Letter or Power of Attorney be for the performance of one act only, and the value of the property to be dealt with be expressed in the Letter or Power and do not exceed Rupees 500" ... 1

Copy of the Standing Counsel's Opinion on the point, dated 10th September 1862, is subjoined. —

OPINION.

I entirely agree in the conclusions in the within letter of July 29th. It is very clear that Schedule B, Clause 5, does not in any manner relate to these Powers of Attorney, but only to such as are required in the conduct of cases before Courts of Justice or Revenue Authorities; therefore the Stamp to be required in all cases for Powers to draw interest executed after Act X. of 1862 should be of (4) four Rupees except in the excepted instance at the end of Clause 43 of Schedule A, in which it ought to be a Stamp of one Rupee.

J. I. HARVEY,
Offg. Secy. Genl. to the Govt. of India.

MILITARY.

No 288.

INDIA OFFICE,
London, 14th August 1862

To His Excellency THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL,

MY LORD,—With your letter dated 15th May 1862, No. 179, you transmit correspondence in which the Government of Fort St George submit an enquiry, as to the terms upon which an Officer of the new Indian Artillery would join the Staff College at Sandhurst, with regard to pay and pension, if after competing successfully for admission he should be ordered to join the College.

2. On this subject I have been in communication with His Royal Highness the General Commanding-in-Chief.

3. It appears to me that an Officer of the new Royal Brigades of Artillery joining the Staff College, with the permission of the proper authorities, should be allowed to receive, while there, the rate of pay drawn by Officers of similar rank in the original Brigades of Royal Artillery whilst studying at the College, and that, as such period of service is allowed to be reckoned as service, both for pay and pension, in regard to Officers of the British Forces, he should also reckon, as service for bearing pension, the period of his residence at the Staff College in the proportion of

one year for two years' residence, as laid down in the notification of the Government of India, dated 10th April, p 65.

1. The General Commanding-in-Chief has expressed his concurrence in this view

5 His Royal Highness however remarks that, as employment on the Staff in India is not open to Officers whose Regiments or Brigades are not serving in that country, even though they have passed the Staff College, he does not consider it fair to the Army at large to appoint to the Staff out of India any passed Officers who belong to Corps on the Indian Establishment, but His Royal Highness has no objection to Officers serving in India competing for, and entering the Staff College, if they wish to do so upon this understanding

I have, &c.,
(Sd) CHARLES WOOD.

ORDERS by the LIEUTENANT-GOVERNOR of BENGAL

NOTIFICATION.

Sylhet, 30th August 1862.

The following Rules for the sale of unassessed waste lands, and for the redemption of the revenue of such lands already granted for a term of years in the Lieutenant-Governorship of Bengal, are published for general information —

Rule 1.—All unassessed waste lands in which no right of proprietorship or exclusive occupancy is known to exist, or to have existed and to be capable of revival, are available for purchase under these Rules, unless specially reserved under Rule 21.

2. No greater quantity of land than three thousand acres shall be sold in one lot except with the express sanction of the Government. If for special reasons, in particular localities, a lower maximum area than three thousand acres should be determined upon, it will be duly notified hereafter.

3. Every lot shall be compact and shall include no more than one tract of land in a ring fence, and when the land touches a Public Road or a Navigable River, the length of the Road or River frontage shall not exceed one-half the depth of the lot. No lot will be sold unless it has been previously surveyed and demarcated, or until it shall have been surveyed and demarcated in consequence of an application for purchase. The Survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its gross area. If on completion of the Survey it shall appear that the area of the lot applied for exceeds the proscribed maximum the excess shall be excluded.

4. Applications for the purchase of waste land shall be made to the Collector of the District, and every application shall contain the following particulars. —

1st. — The estimated area of the land applied for.

2nd. — The situation of the land and its boundaries as accurately as can be ascertained.

5. If the Collector be satisfied that the land applied for is available for purchase and within the conditions prescribed in Rules 2 and 3, and if it have been previously surveyed and demarcated, he shall advertise the lot for sale on a given day at an upset price of not less than 2 Rupees 8 annas an acre on the whole area. The advertisement shall be published in the Collector's Office, in the Court of the Principal Judicial Officer of the District, and at the Moonsiff's Court (if there be one) and Police Station within the limits of which the lands are situated.

6. If the Collector be satisfied as above and if the land have not been surveyed, he shall cause it to be surveyed and its boundaries demarcated, the estimated cost of such survey and demarcation being first deposited by the applicant. On the completion of the Survey the advertisement of sale shall be published as above.

7. The day of sale to be named in the advertisement shall not be less than thirty days from the date of publication, and the sale shall be held at the Collector's Office. The sale may be postponed if in the Collector's judgment it be necessary, due notice being always given of the date on which the sale will be held.

8. If before the day of sale no claim of proprietary, or occupative, right in the land be preferred, the lot shall be sold by auction to the highest bidder above the upset price, or to the applicant at the upset price if there be no higher bid.

9. On payment of one-tenth of the purchase money and of all expenses of survey, demarcation, advertisement, and sale, the purchaser shall receive a Deed (in a form which will hereafter be issued by the Board of Revenue) signed by the Collector, conveying to him the lot, in full hereditary and transmissible proprietary right, free for ever from all demand on account of Land Revenue, but subject nevertheless to all general taxes and local rates imposed by Law, and to any other claim whether of the Government or otherwise that may have been or may hereafter be established in any Court of competent jurisdiction.

10. If before the day of sale a claim of proprietary or occupative right in any part of the land be preferred the Collector shall investigate the claim, and, if satisfied that it is groundless, shall reject it and proceed with the sale.

11. If on investigation any such claim should appear to be well grounded, the Collector may either reject the application for purchase of the lands, or refer it to the orders of the Commissioner. In the former case the applicant may appeal to the Commissioner.

12. The Commissioner may direct the Collector either to reject the application, or to proceed with the sale of the land, either unreservedly on the conditions prescribed in Rule 9, or, if any claim to right of proprietorship, occupancy, or use in any part of the lands be established to the satisfaction of the Commissioner, with a special reservation of such right, or exclusive of the area in which such right exists. If the application for purchase of the land be rejected, the amount deposited as cost of Survey will be forfeited.

13. On being put in possession of the lot, the purchaser shall be bound to erect as many substantial boundary marks of masonry as the Collector may think necessary.

14. If the land be purchased by any person other than the applicant, the estimated cost of Survey deposited by the applicant shall be returned to him.

15. The purchaser may, if he choose, pay the whole of the purchase money when the lot is sold or the Deed delivered to him. Or, if he choose, he may pay a portion, not being less than 10 per cent at the time of sale, and the remainder in instalments at any future time, not being more than ten years from the date of sale. In the latter case simple interest, at the rate of 10 per cent a year, will be charged on the unpaid portion of the purchase money, and the whole lot will remain hypothecated as security for the full discharge of the amount, including principal and interest, and be liable to sale by order of the Collector if the said amount be not paid within the stipulated period.

16. If the purchaser fails to pay one-tenth of the purchase money and all other expenses within three months from the day of sale, the lot will be put up to sale again on the same conditions as before, and sold at the risk of the first purchaser, whose deposit will also be forfeited.

17. The upset price will be calculated on the whole area of the lot without any deduction on any account whatever. Ordinarily the upset price will be 2 Rupees 8 annas an acre, but in

special cases the Collector, with the sanction of the Commissioner, may put a higher upset price on any lot, provided that the upset price of available waste lands shall in no case exceed 10 Rupees an acre.

18. If it should at any time be found that the same land has been included in more than one lot it shall be held to belong to the lot first sold, and all subsequent sales shall as regards such land become null and void. In the event of any dispute regarding the boundary of two or more adjoining lots, the Collector may, on the application of any one of the parties, re-adjust the boundaries of the lots, and his decision shall be final. The price paid by any subsequent purchaser for land thus excluded from his lot will be refunded to him with simple interest at 10 per cent.

19. All grants of waste land already made for a term of years under previously existing Rules, in which no right of occupancy or proprietorship exists, except that of the grantee or that derived from him, will be treated for the purposes of this Rule as if the land were permanently settled, and the grantees or their representatives may redeem the future land revenue of such grants or of any compact part of them in perpetuity for an amount equal to the present value of all future stipulated annual payments calculated at 5 per cent. interest, provided the said amount is not less than 2 Rupees 8 annas an acre on the whole area of which the revenue is redeemed.

20. All sales of waste land and all redemptions made under these Rules in each Division will be reported immediately to the Board of Revenue in such form as the Board may direct, but no sale of waste lands once made by a Collector in conformity with these Rules will be disturbed by any higher executive authority.

21. Reserves of grazing and forest land, of land for the growth of firewood near Towns and Stations, of building sites, parks, recreation grounds, and the like, and of land required for other special purposes, are not to be sold under these Rules without the express sanction of the Government. A list of these lands is under preparation by the Board of Revenue, and when it has been approved by the Government it will be published in the *Gazette*.

22. Lands for the purchase of which application has been made under the Resolution of the 17th October 1861 will, if such application were duly registered, be dealt with in accordance with the terms of the said Resolution so far as the Law allows.

23. From and after the date of the promulgation of these Rules no fresh applications for grants of waste land under any previous Rules will be entertained.

By Order, &c.,

J. D. GORDON,

Offg. Junior Secy. to the Govt. of Bengal.

No. 3294.

FORT WILLIAM;

Notice to Claimants to Share in the Delhi and Lucknow Prize Properties.

PARTIES having claims on account of themselves, of those who served under them, of the Estates of deceased Officers and Soldiers, or of their Constituents to share in either of the above Prizes are requested to submit them, without further delay, accompanied by the necessary proofs, to the Prize Department of the Examiner's Office, No 7, Middleton Row, Calcutta.

2. From the absence of the usual Rolls (the Returns during the period of the Mutiny reached very irregularly, and are, in very many cases altogether wanting) it has been found impossible to compile a List of the parties entitled to share in the Delhi and Lucknow Prizes, and the Adjutant-General's Department has been unable to furnish a List of those entitled to additional shares by reason of their having held staff appointments and commands.

3. The number of persons entitled to share can therefore only be ascertained through the claims supported by proofs which are submitted. It is known that many claims have not been sent in (in the case of Corps and Detachments a report has been made to Government), and until the parties or their representatives submit them a final distribution of either the Delhi and Lucknow Prize cannot be made.

4. Each claim sent in must be supported by a Certificate showing the dates between which the party was present at the operation for which the claim is made.

5. When additional shares beyond those of the Regimental rank of the party are claimed, a Certificate from a Staff or Commanding Officer must be attached, showing the nature of the service and the date on which the claimant took charge and relinquished the duty.

6. When claims are submitted by representatives, a Power of Attorney must be sent, and in the case of Estates, when the President of the Committee of Adjustment or the Administrator-General does not claim, proof of the party being entitled to administer must be shown.

7. It has been decided by the Law Authorities that there is no limit to the period during which claims can be submitted. It is therefore necessary to ascertain the number of probable claimants before a final settlement or even a second distribution can be made.

8. The distribution of the Pegu Prize is delayed by the absence of any Rolls of claimants of the Royal Navy. These have long since been applied for.

Notification

In cancellation of Notification of this Department, under date the 9th March 1861, relative to the Stamps required on Powers of Attorney either for the realization of interest on, or for the sale of Government Promissory Notes, notice is hereby given that Powers of Attorney executed after the passing of Act X. of 1862 must be on Stamped Paper of the value prescribed in Article 43, Schedule A of Act X. of 1862.

Schedule A., 43.—“ Letter or Power of Attorney not being of the kinds provided for in Schedule B.” Rs. 4

“ If the Letter or Power of Attorney be
“ for the performance of one act only, and
“ the value of the property to be dealt with
“ be expressed in the Letter or Power and
“ do not exceed Rupees 500 .. ” 1

Copy of the Standing Counsel's Opinion on the point, dated 10th September 1862, is subjoined.—

OPINION.

I entirely agree in the conclusions in the within letter of July 29th. It is very clear that Schedule B, Clause 8, does not in any manner relate to these Powers of Attorney, but only to such as are required in the conduct of cases before Courts of Justice or Revenue Authorities; therefore the Stamp to be required in all cases for Powers to draw interest executed after Act X. of 1862 should be of (4) four Rupees except in the excepted instance at the end of Clause 43 of Schedule A, in which it ought to be a Stamp of one Rupee.
